Issue No. 9: Yadkin-Pee Dee Lakes Project

1. Description of Issue

The Yadkin-Pee Dee Lakes Project, a non-profit organization, has collected information regarding land use, recreation and socio-economics associated with the Project area. It was commented that Progress Energy should review any relevant existing information that is available through this organization.

2. Project Effects

There are no Project effects associated with this issue.

3. Applicable Existing Information

- Progress Energy has reviewed and utilized information from the Yadkin-Pee Dee Lakes Project in the preparation of the ICD (Yadkin-Pee Dee Lakes Project, The. 2002. The Central Park Concept Develops. Online URL: <http://lakesproject.org/centralpark.htm>). Progress Energy has requested in the RWGs that participants, including the Yadkin-Pee Dee Lakes Project, identify any additional available information that they feel will be useful.

4. Study Needs

There is no study proposed however, Progress Energy will review pertinent information that is provided by the Yadkin-Pee Dee Lakes Project in the RWGs.
