 **Progress Energy**

Save your equipment. **Get Surge Protection.**

Lightning strikes can zap your business equipment in a matter of seconds, resulting in possible damage and loss of data. But with Surge Protection, you'll block lightning strikes from entering your business through electrical, cable or phone lines – and avoid having to replace essential equipment, plus prevent productivity delays and lost revenues due to unexpected downtime.

Save your larger equipment

- Electrical Service Entrance Protector safeguards equipment like AC systems and refrigeration systems
- One-time installation fee and monthly device lease amount vary, depending on application and electrical service requirements
- Device owned/maintained by Progress Energy

Save your smaller electronics

- Plug-In Protectors safeguard sensitive electronics like computers and phone systems
- Up to six times stronger than many retail versions
- Available for an additional one-time fee

Protect your business equipment with
the power of **Surge Protection.**
