

## LED Roadway

This energy-efficient luminaire is a green solution and great fit for streets, roads, long narrow areas and parking lots. The LED Roadway delivers the light where it is needed while increasing visibility and reducing spill light to adjoining properties. Choose low to medium light output on wood or fiberglass poles (or mount on an existing pole). Available with one to four fixtures per pole, depending on the fixture/ pole combination selected.

<b>LED</b>	75	105	215	Watts
