I SAVED $190 ON MY DUCT REPAIRS.

Plus, I lowered my electric bill.

Duct Repair Program

DUKE ENERGY® PROGRESS

Sealing leaky air ducts saves energy – and improves comfort.

Ducts carry heated and cooled air from your furnace or air conditioner throughout your home. In a typical home, about 20 percent of the air moving through the duct system is lost due to leaks, holes and poor connections.

A properly sealed and insulated system can save energy and money – plus, you'll enjoy better comfort and indoor air quality.

Duct repair benefits

- Save energy and money
- Improve comfort and indoor air quality
- Rebates cover up to 50 percent of the repair cost
- Maximum rebate: Up to $190 per system

How to qualify

- Must have a centrally ducted heat pump or central AC
- Repair must be completed by a Duke Energy Progress prequalified contractor

To learn more about all our energy-saving programs, call **866.990.4347** or visit **duke-energy.com/HEIP.**

Please note: You must be a Duke Energy Progress customer to qualify for our rebates.

Printed on 30% post-consumer recycled stock.
