

Did your heating bill go
through the roof?
We can help you fix that.

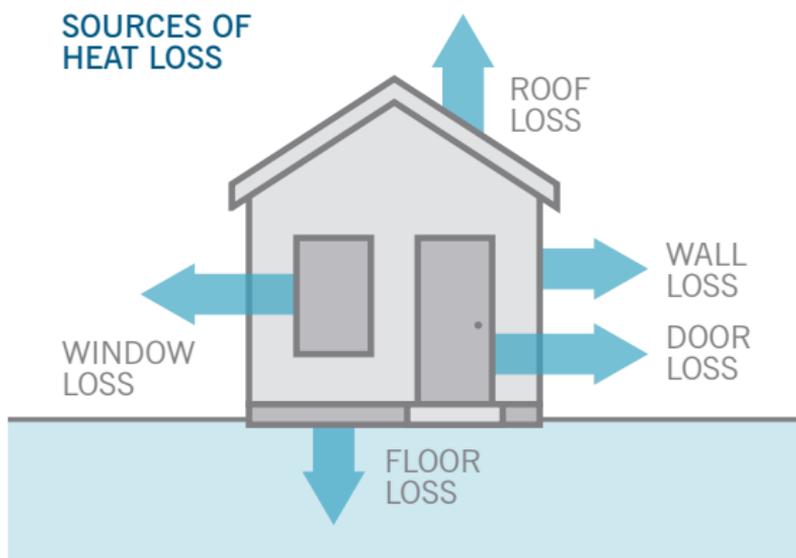

Insulating your attic now can help make your home more comfortable and also help you save on your energy bill. Plus, we will give you up to \$500 toward making upgrades.

Did you notice any of the following this winter?

- ✓ Drafty rooms
- ✓ Rooms that are too hot or too cold
- ✓ Uneven temperatures between rooms
- ✓ High heating or cooling bills

Upgrading your attic insulation and sealing your home can help solve these issues. A properly insulated attic and sealed home can save an average of 11 percent on total energy costs.*

*According to the U.S. Department of Energy. https://www.energystar.gov/index.cfm?c=home_sealing.hm_improvement_methodology

Our Attic Insulation and Air Sealing program saves you energy and money and allows you to

- Increase your home's comfort
- Save money and lower your energy bill
- Increase the value of your home

Step One:

Choose a participating contractor.

Step Two:

Improve your home.

Step Three:

Get up to \$500.

Make your home more comfortable now. Find a contractor to get started. Visit duke-energy.com/Cozy or call **866.785.6209**.

The installation must be completed by a Duke Energy Progress participating contractor. Certain restrictions and exclusions apply. Must be a Duke Energy Progress customer in North Carolina or South Carolina.

Please visit duke-energy.com/HEIP to confirm program eligibility.

Energy efficiency helps lower your bill and increases both the comfort and value of your home.
