

You can't get this level of surge protection with a plug-in strip.

Surge Protection

Progress Energy

Storm season brings more lightning strikes – and more risk to your valuable appliances and electronics. **Protect them now with Surge Protection from Progress Energy.**

Our service offers superior protection by combining two levels of advanced surge-stopping technology.

- First, the meter-base protector diverts large surges before they enter your home.
- Next, plug-in devices protect individual electronics for an important second line of defense.

	Meter-Base Protector <i>Required</i>	Plug-In Protectors <i>Recommended</i>
<i>How it works</i>	Installed behind your meter to divert the largest surges away from your home	Plugged into individual outlets to protect any connected device
<i>What it protects</i>	Large appliances, fridge, freezer, HVAC	Electronics, TVs, computers
<i>Cost</i>	\$5.95/month* plus one-time installation fee	One-time purchase price of \$79*

*Excludes all applicable taxes.
