Our most popular online features are now available for you to use on the go. Use your mobile device to view your account, view and pay your bill, report a power outage or request a streetlight repair, and a payment location and get Twitter updates. To enjoy the ease and convenience of our mobile site, visit duke-energy.com.

Reporting power outages: call 800.419.6356 or via the Web at duke-energy.com/outage.

For Customer Service: call 800.452.2777 or 919.508.5400 in the Raleigh area. Business hours are 7 a.m. – 9 p.m. Monday through Friday; however, our automated voice response system can address most of your service needs 24 hours a day. Please have your account number available.

Para nuestros clientes que hablan Español: Representantes bilingües están disponibles para asistirle de Lunes a Viernes de 7 a.m. – 9 p.m. Para obtener información o reportar problemas con su servicio eléctrico, favor de llamar al número que se encuentra al comienzo de su cuenta.

Written inquiries and correspondence (no bill payments please):
Duke Energy Progress, P.O. Box 1771, Raleigh, NC 27602

Digging in your yard?
Whether you are planning to do it yourself or hire a professional, call your states' toll-free underground locating service before you dig:
NC-call 811 or 1-800-632-4949
SC-call 811 or 1-888-721-7877

Explanation of bill items
Kilowatt-hour (kWh) – Equal to 1,000 watts of power used for one hour, or ten 100-watt light bulbs used for one hour.

Kilowatt (kW) – The maximum rate of energy consumption recorded during any 15-minute interval within the monthly billing period.

Meter Constant – Some customer meters require that the registration be multiplied by a factor to arrive at the actual usage. Only meter constants greater than one are displayed on the bill.

Important safety reminders
• Stay away from power lines. Keep ladders and other objects at least 10 feet away from all overhead power lines, including service lines into your home.

• Always assume that a power line lying on the ground, on your car after an accident or hanging close to the ground is energized and dangerous and stay away. To report dangerous lines, call 800.419.6356.

• Activity near power lines can be life-threatening. Please use caution, and hire professionals when appropriate. Remember that tree limbs conduct electricity when in contact with a power line.
