&
Surge Protection Added Coverage**

**Terms and Conditions
Please read this Service Agreement carefully**

Surge Protection is not part of the regulated utility services offered by Duke Energy Progress (“DEP”) and is not in any way sanctioned by the North Carolina Utilities Commission or the Public Service Commission of South Carolina. Purchasers of Surge Protection will receive no preference or special treatment from DEP. A customer does not have to buy Surge Protection in order to receive the same safe and reliable electric service from DEP. This service may also be available from other non-Affiliated suppliers.

Your Duke Energy electric utility service is not subject to disconnection for the nonpayment of Service Agreement charges. If you make a payment on your Duke Energy electric utility bill that contains both regulated and Service Agreement charges, the payment will be applied by Duke Energy typically to the oldest regulated electric charges first, but at all times consistent with applicable state regulatory guidance.
